

International Conference on **Mining and Fuel Industries (CMFI-2017)**

October 19-21, 2017, Sheikh Zayed Islamic Research Center, Karachi, Pakistan

Organized by

Department of Geology, Federal Urdu University of Arts, Science and Technology, Karachi
Society of Economic Geologists and Mineral Technologists (SEGMITÉ)
Inspectorate of Mines, Department of Mines and Mineral Development, Sindh, Pakistan
Department of Mining Engineering, Dumlupinar University, Kutahya, Turkey

In association with

Pakistan Council for Science and Technology (PCST)

Preamble: The government of Pakistan through Pakistan Council for Science and Technology (PCST) has taken a good step for the promotion of mineral sector by recently conducting Technology Foresight exercise involving mineral experts from all over the country. In line with the PCST initiative for development of country's mineral resource industry, a two-day International Conference on Mining and Fuel Industries (CMFI-2017), followed by Post Conference field visits will be held on October 19-21, 2017 in Karachi. This international event will provide a platform for academicians, geoscientists, engineers, policy makers, regulators and those engaged in mineral and petroleum industries to share their research or technologies. Conference mainly focuses on development and growth of mining, mineral and fuel (coal, oil & gas) industries in Pakistan and other countries of the region.

Key Themes:

- Mineral Exploration, Processing & Ore Beneficiation
- Environmental Impact of Mining/Quarrying & Mitigations
- Innovative Mining Technologies: Underground & Opencast
- Recent Technological Developments in Oil & Gas Sectors
- Quality Coal for Power Generation
- Concrete, Asphalt & Aggregates
- Small & Large Scale Mining
- Offshore & Deep Sea Mining
- Dimension stone & Gemstone industry.
- CPEC Impact on Mining/Mineral based Industries
- Investment & Finance in Mineral Sector
- Mineral Policy & Regulatory Regime
- Inspection Services in Mining Sector on Modern Lines
- Occupational Health & Safety Issues
